To whom it may concern

I am pleased to write this *letter of recommendation* for Nayan Das, who has worked under my supervision at NirveonX Omnicare Pvt. Ltd. as a Full Stack Web Developer Intern from April 20, 2025 to July 20, 2025.

During this period, Nayan Das demonstrated a high level of professionalism, creativity, and dedication in every task undertaken. Their work in social media marketing significantly improved our online engagement metrics, and their contributions to content editing ensured both clarity and brand consistency across our platforms.

He consistently displayed strong communication skills, attention to detail, and the ability to manage multiple projects under tight deadlines. One of the most notable contributions was his involvement in launching our quarterly newsletter, where he took ownership of content strategy, design coordination, and distribution - all of which resulted in a 35% increase in subscriber engagement.

Apart from technical expertise, Nayan Das is also a team player who brings a positive attitude and a growth mindset to the workplace. He actively participated in brainstorming sessions and often volunteered to assist teammates, reflecting leadership qualities beyond expectations for the role.

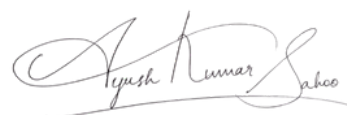

I am confident that Nayan Das will be a valuable addition to any organization and will continue to excel in future roles. Please feel free to contact me via email or phone should you require any further information.
